WOODBURY DENTAL & LASER CLINIC
DATE: 11TH NOVEMBER 2010

Introducing the Award-winning **WOODBURY DENTAL & LASER CLINIC** *Leading the Way in Facial, Body & Dental* *Aesthetic Procedures*

Throughout the year, the Directors at *Media Today Online* select organisations that have best demonstrated a proven ability to go that extra mile in not only meeting but exceeding the needs of their clients. Therefore, in line with this philosophy, it gives us pleasure to announce **WOODBURY DENTAL & LASER CLINIC** has been selected to receive the **ONLINE AWARD FOR AESTHETIC & LASER TRESTMENT SPECIALIST OF THE YEAR 2010**, an independent Award Programme recognised both locally and nationally.

Media Today Online is always keen to bring attention to those who are providing a product or service that stands out from the crowd and deserves to be appreciated not only by our readers, but also by a wider audience.

By drawing on the skill and expertise of a highly experienced team, *Dr. V. J. Vadgama* founder and Clinical Director at the Award-winning **WOODBURY DENTAL & LASER CLINIC**, is able to provide a truly patient-orientated service using the latest non-surgical facial rejuvenation treatments, as he outlined in a recent interview:

“Our Clinic is committed to excellence and best practice and we take pride in providing patients with an individually tailored solution to meet their specific needs for face and body enhancement. As well as being recognised leaders in blade-free, non-surgical face lifts and facial rejuvenation therapies, we are also experts in pain-free hair removal, using the innovative SOPRANO Blue laser, the most advanced laser technology in the world which is now available exclusively at our Clinic. We also strive to help patients improve their inner well-being via our weight control, smoking cessation and nutrition based rejuvenation programs.”

Health Commission Registered, the Award-winning **WOODBURY DENTAL & LASER CLINIC** also offers the latest state of the art dental technology including comprehensive general dental care, cosmetic dentistry and implants which can be combined with non-surgical facial rejuvenation procedures to restore smiles, confidence and health.

He added: *“At one time, turning the clock back on your age was restricted to the rich and famous, however, cutting-edge technology in the form of revolutionary skin care anti-ageing products such as Botox®, Restylane and Dermal Fillers, has now made it possible for people of all walks of life to enjoy a refreshed and sustained youthful appearance at a price that won’t break the bank”*

Key to securing this Award was the wide spectrum of treatments available at the Clinic which include: **Enlightenment on Melanoma; Acne Care; Acne Scars; Aesthetic Laser Treatments; Age Spots; AHA Peels; Botox for Hyperhidrosis; Botox for Wrinkles; Chemical Peels; Cosmetic Laser Procedures; Dermal Fillers; Hand Rejuvenation; Harmony Pixel Laser; Intense Pulsed Light; Laser Acne Treatment; Laser Peel; Laser Teeth Whitening; Varicose Veins; Laser Ablative Procedures; Laser Hair Reduction; Laser Skin Resurfacing; Medical Microdermabrasion;**

*“Despite most of our treatments being virtually painless, many patients still feel nervous beforehand. However, we can now offer patients of a nervous disposition **NuCalm** – a safe, proven system that quickly relaxes the patient without using narcotics or controlled substances. NuCalm naturally brings the patient’s body to the first stage of sleep, replicating the feeling they are just about to fall asleep and amazingly the patient remains in this relaxed state throughout the entire treatment procedure. Whilst NuCalm enables the patient to be conscious throughout the treatment and therefore able to respond to voice instructions, it also makes the patient’s body more receptive to treatment and less intrusive than sedation, enables the patient to drive home unaided.*

Receiving this Award serves as a distinguishing factor that ranks **WOODBURY DENTAL & LASER CLINIC** amongst the best in its field, as well as acting as a seal of approval to prospective patients.

Commenting on receiving this accolade, *Dr. Vadgama* went on to say:

We are delighted to have won this award, and I am very proud to have support of a team members who are totally dedicated in providing excellent care and service that is second to none. We have a strong culture of keeping up to date with the latest techniques and all my team members attend continuing professional education and development on regular basis, Our aim is to continue to provide ultimate level of care in dental and medical aesthetics to all those who attend our clinic.

If you are considering enhancing your looks but you are worried the cost, the Clinic offers all patients spending over £1000 on treatments the option of taking advantage of a **fantastic new 0% finance**, making it even more affordable for you to transform the way you look, and love the way you feel. **For further details please call 01580 762323.**
